A. Nested Health & Safety Protocols

When Nested LLC resumes its Nestedbaby.com in-person classes in June 2020 or thereafter, some new protocols will be in place to help ensure the health and safety of our clients, instructors and team members. These will include:

- Nested LLC team members and instructors will sanitize all surfaces between classes.
- Nested LLC will pre-mark locations for all class participants to ensure there is a minimum of 6 feet of separation per government agencies' social distancing guidelines.
- Nested instructors and/or team members will not teach nor attend any in-person Nested classes if they have any symptoms of COVID-19, and will remain quarantined for a period of 14 days.
- Upon arrival, all class participants will be required to:
 1. Have a temperature check before entering the classroom.
 2. Be asked to confirm that they have not had a fever, cough or shortness of breath within the past 14 days, nor been exposed to someone who has.
 3. Sanitize their hands.
 4. Be required to wear a mask.

Should a class participant arrive on-site and refuse to adhere to these protocols, the participant will be denied entry. There will be no refunds for missed classes under these circumstances.

If you are registered for a class and become ill, please contact us as soon as possible to reschedule your class. For more information about Nested's rescheduling and cancellation policy, please visit [Nested's Course Policies & FAQ](#) page.

Nested LLC conducts classes in buildings operated by other entities. It is possible that those entities will have additional protocols in place which may be more extensive than those required by Nested LLC. Please consult the class location's website for your specific class prior to your arrival to ensure you have up-to-date information.

B. Acknowledgment of the Risk of Attending Nested In-Person Classes

All Nested LLC in-person class participants acknowledge that they are attending Nested's in-person classes at their own risk of contracting COVID-19. Nested LLC is not liable in the event a participant contracts COVID-19 subsequent to attending an in-person group or private class. If you are a member of a high-risk group, Nested LLC recommends that you elect to take Nested's online virtual class option in lieu of its in-person group or private classes.
