

BECOME A 2025 NESTED FELLOW

We are seeking a Medical Mission Fellow to assist us and host organization, Partners for Andean Community Health (PACH), with logistical tasks, in-country support, and program evaluation for our August 2025 medical mission to Ecuador.

YOUR ROLE

Before the mission, you will receive mentoring from PACH and Nested team members and help with trip fundraising, administration, procurement, advertising, event planning, and packing. You may also take on a project like creating educational materials or designing a monitoring and evaluation tool.

During the mission, you will participate in all activities, may execute your project and have a leadership role in the group.

After the mission you will assist with administrative tasks, including sending thank you notes to donors.

JOIN US TO

- Develop women's and mental health training materials.
- Build an online shop.
- Create educational content for children.
- Prepare fundraising materials.
- Craft custom marketing assets.

YOU WILL GAIN

- Project management and fundraising skills.
- Cross-cultural collaboration skills.
- Knowledge of content creation and e-commerce.
- Experience working with non-profits, serving as a project manager, and immersing yourself in another culture.
- A description of your role to use in future applications.

Payment of \$4,100 is required which includes all in-country costs and a donation. The fellow is responsible for flights and personal expenses.
